

The Gazette

MAYORS WITHIN the MD of Sturgeon, MD officials and staff of Sturgeon Regional Recreation all got busy signing the new regional recreation agreement in the Cunningham School Morinville last Friday afternoon. The signing of the agreement represents the culmination of much effort on the part of the co-operating authorities and Sturgeon Regional Recreation for better recreation facilities in the area.

Province gives go ahead for Rec. Complex

Formal acceptance of St. Albert's application for financial assistance towards a regional recreation complex has been given by the provincial government. Three conditions have still to be fulfilled by the town and these came under discussion at a committee of the whole meeting on Monday, August 11.

Firstly, in order for the project to be eligible as a "regional" multi-purpose facility, the province requires a signed agreement between the town and the parties covenant to the Regional Recreation Agreement. This is necessary before the town

can receive the 50% cost sharing formula. The alternative is a municipal multi-purpose complex which would attract a 40% grant from the province leaving 60% to be met from town revenues.

Mayor Richard Plain explained this in dollar terms. He said that the 50% formula would mean \$2.1 million from the province and \$2.3 million from the municipality. The 40% formula would mean \$1.76 million from the province and \$2.64 million from St. Albert, a difference of \$340,000. He felt that the first thing to do is to collect the signatures

from other towns to become eligible for the most beneficial formula and to get on with the job of hiring a project manager. Council concurred with the mayor's suggestions.

The other two criteria to be met are the submission of final drawings for Alberta Building Standards approval

Strikes delay Harvey school- Board upset

The Ronald Harvey School in Lacombe Park will not be open according to schedule due to strikes in the construction industry. According to the architect, the school is not expected to be ready until two months following the return to work by workers on the site. This delay has placed a heavy burden on the school facilities of the St. Albert Protestant Separate School District No. 6.

The estimated enrolment of the Ronald Harvey School numbers 333 students. Until the school is completed, these students will have to be accommodated in alternative space within the district. This includes the two ancil-

lary rooms at Sir Alexander Mackenzie School; the three Edmonton Public School Board portables at SAM; the Instructional Materials Centre and auxiliary use of the boardroom in the district office building; and the assembly area at Sir George Simpson School.

KINDERGARTENS AFFECTED

The implementation of the district operated Early Childhood Services Program which was due to start in September will also be affected by the strikes. Arrangements had been made to

Council fears possibility of piecemeal annexation

Piecemeal annexation by the City of Edmonton is a prospect which could face the Town of St. Albert in the not too distant future. This possibility was considered by St. Albert town council at a committee of the whole meeting on Monday, August 11. Mayor Richard Plain, St. Albert's representative on the Edmonton Regional Planning Commission, reported to council members on a recent meeting of the metropolitan committee. This meeting dealt with the future land use concept on the Northwest area between St. Albert and Edmonton.

The E.R.P.C., under the direction of Mr. Norman Giffen, has proposed future use of this corridor of land for light industry. This land, presently within the boundaries of the MD of Sturgeon, is low density agricultural. The MD of Sturgeon had proposed rezoning this area to Agricultural General Industrial Reserve in 1972 but at that time the City successfully appealed against this proposal on the grounds that further study was needed regarding the servicing of the area and the Commission was already working on a growth study for the region which might influence the area. Mr. Giffen considers these factors still relevant today but acknowledges the increasing demands for industrial lands along the NAR north of the city consequent on the Tar Sands develop-

ment. Mayor Plain expressed concern that landowners in the area would willingly

request annexation by Edmonton knowing that the land is greatly in demand for

Mayor doesn't like Fire Bill

Bill 219 (The Fire Prevention Act) became the subject of a lengthy discussion at Monday's council meeting. This bill deals with the Fire Prevention amendment submitted to the Province by Mr. Bill Purdy, MLA for Stony Plain Constituency.

Mayor Plain was unhappy with most of the recommendations in the bill with the exception of Section 4 (m) which suggests the provision of grants or loans to municipalities to upgrade fire prevention services. The basis for Mayor Plain's unhappiness is what he regards as a take-over by the provincial government. He said that the government would be running the Fire Department from the Legis-

lative Assembly.

The sections that Mayor Plain objected to deal with reporting by the Fire Commissioner to the Minister on the capability and adequacy of all municipal fire departments and the Minister tabling this report in the Assembly within 30 days of its receipt. The mayor or reeve of a municipality, at the request of the Fire Commissioner, would provide suitable information relating to the report.

Councillor R. Thronsdon saw the bill as a request for direction rather than a take-over threat. After some discussion, a motion was passed to invite Mr. Purdy to a meeting to explain the intent of his bill.

Construction stand still at RCMP building site

Work is still at a standstill at the new RCMP building under construction across from the Grandin Shoppers Mall.

Delays over construction have been caused initially by a strike of workers in the Plumbers and Pipefitters Union Local 488 when they took strike action June 3.

Now there is a lock-out at the site following legal action by the employer the Mechanical Contractors Association of Alberta to prevent Local 488 dealing with other contractors.

Electricians are also out on strike at the site though they have not been picketing.

A spokesman for the MCA said Tuesday that they had offered what they considered a fair deal to the union which has been turned down.

What really rankles is that the strike has happened at the best building time of the year - the four summer months.

Employees with Local 488 are currently earning \$9.25 an hour gross, and had been offered another \$3,325 over the next two year period.

The MCA is meeting with the pipefitters union August 13 and positive results are hoped for then.

Meanwhile work at the RCMP building is held up and a spokesman for Harsim Construction in St. Albert says that the company remains "suffering bystanders" while the strike goes on.

Fender bender

No one was hurt after a three vehicle collision August 11 at the intersection of Highway 2 and McKenny Avenue, St. Albert.

A spokesman for the RCMP said the accident was not serious and was of the "fender bender" type.

The accident happened at 3:30 p.m.

RCMP were unable to release any names and at the time of going to press, the accident was still under investigation.

Town receives ok for Seniors accomodation

St. Albert town council has received a reply from Alberta Housing Corporation concerning the application for self-contained senior citizens housing units. The corporation's project manager explained that it is essential that a non-profit making group or municipality be identified for the project as soon as possible to ensure that sponsorship requirements are met.

At Monday's committee of the whole meeting, Mayor Plain moved that the municipality be the sponsor of the

self-contained units. Councillor Thronsdon asked if there were any groups in the town interested in this project. As the Lions Club of St. Albert had previously appeared before council in connection with this matter, he felt that they should be consulted.

Councillor Breadner moved that the motion be tabled and that council receive a report from the staff after they have consulted service clubs and churches in St. Albert. The motion was carried.

piecemeal annexation

Continued from Page 1

industry. He sees this as the thin end of the wedge for piecemeal annexation of the town.

Councillor Rod Thronsdon concurred with the mayor, fearing that St. Albert will be "piecemealed" out of the

whole thing. He said, "Keep them out of the green belt. Keep them where they are now."

Gary Wetsch, agreeing with his fellow councillors, posed the question as to what should be done to oppose any adjustment to Edmonton boundaries. He wanted to go on record and he put his opposition in the form of a motion, to which Councillor Barry Breadner suggested some minor amendments.

Councillor Myrna Fyfe felt that support was needed from other small municipalities. She regarded the matter as a regional concern, describing it as a "power play." Mrs. Fyfe would like to see council discuss the future of satellite communities with the provincial government.

Councillor Frank Lukay recommended that council ask the town planning staff to outline a plan for the area in question and consider land usage. Mayor Plain added that the outline plan may involve the area outside the town limits. "We've got to come in with an intelligent land use proposal for that area," he said.

The motion that council oppose any alterations to the city boundaries pending completion of the general plan and regional growth study was carried unanimously.

Full council was in attendance, with Councillor Smith in the chair for Monday night's meeting.

and expansion of the cultural project to 25 per cent of the project.

SHOPPING COMPLEX AGREEMENT

A progress report on the Abbey Glenn shopping complex was given by Mayor Plain in response to a question by Councillor Rod Thronsdon during Monday's question and answer period. The complex will be located on the east side of Highway 2 across from the rec complex.

Mayor Plain said that actual terms of the develop-

Rec. complex

ment agreement have been hammered out between the town and the developer and the matter is now before the lawyers for final drafting.

When he asked if it was possible to get an interim report Councillor Thronsdon was told, after some discussion, that it would probably be better to wait until the agreement came back from the lawyers, in about two weeks. Councillor Thronsdon has frequently requested information on the Abbey Glenn agreement in recent weeks, and told the Gazette Tuesday that his concern is to establish that the developers

have in fact complied with all of the criteria set out by council, and he is also concerned with the precise staging planned for the complex. At the moment he said that he hasn't "the slightest idea" what is in the agreement, and it is his understanding that the negotiations have been done by the mayor and the administrator.

A preliminary prospectus relating to these securities has been filed with or delivered to the securities commissions or administrators in all provinces and territories of Canada but has not yet become final. This advertisement has been placed to provide the Canadian public with the opportunity to obtain copies of the preliminary prospectus so as to be able to evaluate these securities for investment purposes. This advertisement does not constitute an offer to sell these securities. The offering will be made by the final prospectus only and there will not be any acceptance of an offer to buy these securities in any province or territory of Canada prior to the time a receipt for the final prospectus or other authorization is obtained from the securities commission or administrator in such province or territory.

operate five ECS classrooms (providing accommodation for approximately 250 children) during the 1975-76 school year. Three of these classrooms (one at Nickerson, one in the Braeside Presbyterian Church, and one in the Early Childhood portable at SAM) will be available in September, and three Early Childhood teach-

ers have been appointed. The other two classrooms, scheduled for the Ronald Harvey School, cannot be provided until the school is completed unless temporary space can be found.

The district superintendent, Elmer Gish, has been exploring every possibility of procuring any available space within the Town of St. Albert. He said that if adequate space cannot be found and the Early Childhood classes do not commence until November, the board had indicated willingness to extend the school year for those two classes if parents so wish. He mentioned that the school trustees have been very concerned over this matter.

Future of St. Albert Chamber of Commerce concern of President

President of the St. Albert and District Chamber of Commerce Garry Hodgins has issued the challenge for

the Chamber to become more active in community affairs following a recent special meeting of the Chamber's directors.

Mr. Hodgins wants the Chamber to develop short, medium and long range objectives and is looking for feedback from the St. Albert body.

Short range projects which can be completed in one week to six months are listed as the Citizen of the Year banquet, a welcoming committee for new businessmen, participation in the Rodeo, the winter carnival, local activities and programs such as sponsoring a member of town council in a bike-a-thon or skate-a-thon; promote an

annual Chamber of Commerce week complete with two week membership drive, promote a civic holiday in St. Albert for August e.g. a sports day and also instigate new entrance signs for the town.

Medium range projects, those that can be done in six months to a year feature a new promotional brochure for the Town of St. Albert, an identification - tourist attraction for the town e.g. St. Paul has a "landing pad." Finally in medium range projects is the promotion and relocation of the Northwest Mounted Police Barracks to make sure of future office facilities for the Chamber.

Long Range projects -

those that take over a year and may be ongoing, are, to promote more arteries to and from Edmonton, ensure Chamber input into the general plan for the town e.g. input at the August 20 meeting on the proposed industrial area.

The Chamber would also like to have a representative to town council to keep the Chamber informed of what is happening there; it would also like to pursue the Devonian Foundation possibilities on getting funds for main street improvements to the Town of St. Albert.

Another long range project would be to promote provincial and federal legislation that affects the area e.g. provincial constituency bor-

ders.

The Chamber expresses some doubt as to whether the constituency of St. Albert will remain as such in the next provincial election.

The Chamber also wants to have more participation in Provincial and Federal Chambers of Commerce and there is also the desire to promote the development of Big Lake as a resort area.

Mr. Hodgins points out that the future of the Chamber depends on the implementation of its aims and calls for greater willingness to get on with the job of the future development of St. Albert and the St. Albert and District Chamber of Commerce.

A bird on the head

Some people really seem to be able to strike up strange relationships.

That's been the case with Maurice Howlett of 24 Flint Crescent, St. Albert.

Mr. Howlett is now firm friends with a local magpie, now called George after the bird apparently took a fancy to this modern St. Francis a few weeks back.

The first time they met George appeared on the sundeck at the back of the Howlett residence. The magpie returned to the sundeck the following day and Mr. Howlett fed him. Fearless George reciprocated this gesture by walking up to Mr. Howlett and settling on his head.

Since then they have been

on the best of terms. Whenever Mr. Howlett appears in the backyard, George will chirp at him from several houses away and come on over for a meal.

George is very tame now and allows the children of the Chubey household to feed him.

Suppose that's how the saying "bird on the head is worth two in the bush" originated.

The Gazette wishes to thank the Howletts for taking the picture which went with this story, but after much soul-searching it was decided that George just did not come up big enough on the photo to do himself or his new found friend any justice. Sorry 'bout that.

Is an Englishman's home his castle?

By Sheila Cooper

Apparently not if squatters are there. The Government in Britain is hastily reviewing ancient laws in connection with squatters following recommendations put forward by the Law Commission. The intention is to uphold the rule of law and protect the ordinary citizen's rights following incidents involving squatters. These incidents have had sinister political overtones involving marxist and anarchist groups.

Writing in London's Sunday Express, Angus Maude, MP contends that the squat-

ters are not only after houses but are also after controlling a whole way of life. He puts forward this supposition. "If you came back from your summer holiday and found that a gang of vicious vandals had taken possession of your house, barricaded themselves inside and refused to move, you would no doubt confidently send for the police to eject them."

"Well, the police wouldn't do it. They say the law does not allow them to act, since this is a matter of civil law,

not a criminal offence."

"If you were angry and resolute enough your next reaction might be to collect a party of muscular friends and do the ejecting yourself. Believe it or not, the squatters might then themselves send for the police, who might tell you politely that you have no legal right to break into your own house if someone else is in occupation."

"Moreover, if you and your friends did succeed in getting inside and there was

a punishment the squatters would probably sue you, and might well win."

"By this time you would have concluded that the law flagrantly violates justice and commonsense, and that it is heavily loaded against the law-abiding citizen and in favour of any criminal anarchist who cares to take advantage of it. And, in this instance you would be absolutely right."

Mr. Maude says that these squatters are not genuinely homeless people driven by

desperation to occupy properties, nor hippies camping out in derelict buildings. They will seize a house which has just changed hands, before the new owner has had time to move in - often after the property has been redecorated but before the furniture arrives. They have even occupied fully-furnished houses while the owners are on holiday. And nearly always, they indulge in acts of wanton, and sometimes obscene vandalism, destroying furniture and fittings, and defacing decorations.

According to Mr. Maude, the aim of the squatters is partly to make a political gesture against the whole institution of private property - not just against landlords but against homeowners as well. Also, they are concerned to bring the law into contempt and to cause the whole economic and social system to dissolve into anarchy.

The squatters have succeeded in making the law look an ass. The present law was never intended to cope with a

widespread and organized campaign against private property. Traditional processes for securing orders for possession are slow.

"Lawlessness is not an increase and not just lawlessness but a frontal assault on the whole concept of law," says Mr. Maude. "The aim is no less than to destroy the social framework within which civilized communal living is made possible. The alliance between Marxists and anarchists which has already penetrated the trade union movement, sabotaging the productive industry with strikes and often resorting to intimidation of workers."

The British Government is therefore faced with responding to this challenge by strengthening laws defending private property. Canada's laws based on British laws but this is happening some 5,000 or five thousand miles away. It couldn't happen here could it. Or could it?

A time makes right mayonnaise

A GUEST COMMENT
BY LUBOR J. ZINK

OTTAWA - Starting with the Hitler-Stalin carving of Poland in 1939 and ending with the annexation of Carpatho-Ruthenia in 1945, the Soviet Union made several territorial grabs in The Second World War at the expense of its European neighbours. In the case of the three Baltic republics (Estonia, Latvia, Lithuania) it seized and annexed them in their entirety, non-aggression treaties and guarantees of sovereignty notwithstanding.

The Western democracies at first believed, or tried to believe, that their Communist ally moved into those territories out of military and administrative necessity and that, pending some border adjustments by a peace conference, the Soviet Union would return the occupied lands.

When Russia not only refused to move out but Stalin tried to grab West Berlin and added Czechoslovakia to the emerging Communist colonial empire in East-Central Europe, the democracies refused to acknowledge the borders created by Soviet military conquest.

For 30 years that position has been maintained on the eminently sound moral and

legal basis that might does not make right. (The Soviet Union uses the same principle when it supports the Arab demand for return of the lands conquered by Israel in the Middle East wars.)

This week the Western democracies betrayed that principle when they sat down in Helsinki with Brezhnev and his satellites to ratify Europe as permanent.

Abandonment of a sound moral position is always a sign of weakness, confusion and decay. The last time it happened on a scale remotely comparable to the formal surrender in Helsinki to international gangsterism was at the 1938 Munich Conference.

The only substantial difference was that the Western cave-in in Munich was not as comprehensive (America was not directly involved) and that the scope of the betrayal and the injustice was not as large (only one country was the direct victim of the foul deal with Hitler). Everything else, except one entirely new factor I'll come to in a moment, is strikingly similar.

Now as then the democracies have fallen behind the totalitarians in military strength and have lost the will to stand up for what they

know to be right. Now as then the democracies have allowed totalitarian psychological warfare to undermine their vital institutions. Now as then self-doubts and self-delusions have played havoc for a whole decade with the spiritual and moral foundations of the democracies.

Now, as then, appeasement of thinly camouflaged (or even open) aggression has been interpreted and hailed as peace-saving while every defence effort has been denounced as warmongering provocation.

Now as then the decline - including economic disarray and retreat of the democracies has been whetting the appetite of the advancing totalitarians. (This, of course, raises the risk of the general explosion of the policy of appeasement, or detente as it is now called, is supposed to remove.)

The entirely new factor in the otherwise almost interchangeable frameworks of the Munich and Helsinki cave-ins is the presence of doomsday weapons.

This new factor, which rules out war as the last corrective of accumulated policy mistakes, is used as the clinching rationalization of the foul deal with Brezhnev in Helsinki.

What it really boils down to is the "better Red than dead" argument which, like the whole perverted concept of detente on Soviet terms, is based on the assumption of a strictly one-sided flow of nuclear terror.

It's a wrong assumption, for the totalitarians are just as anxious to avoid nuclear suicide as we are. But whereas democratic govern-

ments have to reflect the views and moods of their electors, totalitarian rulers formulate their policies without regard to what their tightly regimented subjects may think and feel.

Thus they can, and do, adopt threatening postures no elected government would dare to take, counter or test for bluff because its own opposition would accuse it of reckless warmongering and make political hay out of peace and disarmament rhetoric. At the same time the totalitarians can, and do, work on public opinion in the democracies while they keep all but "authorized ideas" out of their own domain.

When this goes on for years and decades, the net result eventually is surrender to any and every totalitarian pressure backed by nuclear blackmail. (For those who would find swallowing the might-is-right-after-all outrage a bit difficult without some palatable lubricant, the detente cooks provide a time-makes-right mayonnaise.)

At the time of the signing of the Munich pact, many people in the Western World hailed it as a supreme act of wise statesmanship that saved their own and world peace. It was a short-lived and deadly paid-for illusion - the illusion that it being created by the Helsinki pact at the expense of the already enslaved half of Europe is bound to be even more ephemeral and more costly as the other half goes down the drain along the Portuguese or Italian patterns. Pretty soon now their choice of appeasement offerings will start shrinking to home base.

Noise Pollution The next environmental target

Why should Joe Wheels, driving a roaring sports car or motorbike, be allowed to bombard the ears of a peace-loving public? right now, he's within his rights. But he's operating on borrowed time.

New federal/provincial anti-noise laws are now in effect, or soon will be, as environmental ministries crack down on the vroom-vroom offenders. In fact, all gasoline-powered vehicles will be primary targets of general noise control measures. These will aim both to hush mechanical equipment (particularly those super-loud "mufflers") and curtail show-off driving habits.

How can such laws be enforced? One plan is to set up a portable meter, like an aural radar trap, to record sound levels. Noise-makers who exceed legal limits will be summoned.

However, don't expect that such steps will suddenly bring idyllic quiet throughout the land. To be practical, noise control must be enforced by stages. For while all new motors are due to conform to legal specification, older motors can't be quieted without costly modifications.

Nevertheless, relief from irritating traffic noise is in sight. Meantime, what can be done now to reduce its main causes?

Drivers can be encouraged to avoid jack-rabbit starts. And, whenever sound-testing centres are available, drivers can have their vehicles rated and take corrective measures where indicated. Finally, manufacturers of cars and accessories should stop catering to the young drag-racing, Indianapolis-style driver who causes accidents, wastes fuel and shatters eardrums.

Barnyard Socialism

Once upon a time there was a Little Red Hen who scratched about and uncovered some grains of wheat. She called her barnyard neighbours and said, "If we work together and plant this wheat, we will have some fine bread to eat. Who will help me plant the wheat?"

"Not I," said the Cow. "Not I," said the Duck. "Not I," said the Goose. "Then I will," said the Little Red Hen and she did.

After the wheat started growing, the ground turned dry and there was no rain in sight. "Who will help me water the wheat?" said the Little Red Hen.

"Not I," said the Cow. "Not I," said the Pig. "Equal rights," said the Goose. "Then I will," said the Little Red Hen and she did.

The wheat grew tall and ripened into golden grain. "Who will help me reap the wheat?" asked the Little Red Hen. "Not I," said the Cow. "Not I," said the Duck. "Out of my classification," said the Pig. "Not I," said the Goose. "Then I will," said the Little Red Hen and she did.

When it came time to grind the flour, "Not I," said the Cow. "I'd lose my unemployment insurance," said the Duck.

When it came time to bake the bread, "That's over time for me," said the Cow. "I'm a dropout and never learned how," said the Duck. "I'd lose my welfare benefits," said the Pig. "If I'm the only one helping, that's discrimination," said the Goose.

"Then I will," said the Little Red Hen and she did. She baked five loaves of fine bread and held them up for her neighbours to see.

"I want some," said the Cow. "I want some," said the Duck. "I want some," said the Pig. "I demand my share," said the Goose.

"No," said the Little Red Hen. "I can rest for a while and eat five loaves myself."

"Excess profits," cried the Cow. "Capitalist leech!" screamed the Duck. "Company fink," grunted the Pig. "Equal rights," screamed the Goose. And they hurriedly painted picket signs and marched around the Little Red Hen singing, "We shall overcome." And they did.

For when the Farmer came to investigate the commotion he said, "You must not be greedy, Little Red Hen. Look at the oppressed Cow. Look at the disadvantaged Duck. Look at the underprivileged Pig. Look at the less fortunate Goose. You are guilty of making second-class citizens of them."

"But-but-but-I earned the bread," protested the Little Red Hen.

"Exactly," the wise Farmer said. "That is the wonderful free enterprise system; anybody in the barnyard can earn as much as he wants. You should be happy to have all this freedom. In other barnyards, you would have to give all five loaves to the Farmer. Here you give four loaves to your suffering neighbours."

And they lived happily ever after. Including the Little Red Hen, who smiled and clucked, "I am grateful, I am grateful."

But her neighbours wondered why she never baked any more bread.

Circus is coming to town!

How long is it since you've been to a one-ring tent circus? There are very few of them left.

One of the few is coming to St. Albert on Thursday and Friday, August 14 and 15 when the St. Albert Minor Football Association sponsors a visit of the Wallace and Rogers Circus. There

will be two performances on both days in Lions Park - at 3 and 7 p.m.

Don't miss this opportunity of seeing thrilling performances by acrobats, aerial and animal acts, laughing with the clowns and joining in the excitement under the Big Top.

Get your advance tickets

NOW. They're available till Wednesday night so run, don't walk, to one of the three outlets: the Sportshop on Perron Street and at Hutchings Shoes and Ozzie's Cycle and Sportshop in Grandin Shoppers Mall. They cost \$1.25 for the 2 - 12 years and \$2.50 for the 13's and over. When a circus comes to town everyone, no matter what age, becomes a

Admission at the gate will cost more - \$1.50 for the 2 - 12's and \$2.75 for the 13's and over. So save yourself some money and make sure

you get advance tickets for you and your family.

The Wallace and Rogers Circus is very much a family affair with three generations taking part in the show. It originated in Nova Scotia and since then has travelled all over the North American continent bringing the magic of the circus ring to thousands of children of all ages.

See you under the Big Top on Thursday or Friday! Don't miss it; you'll be sorry if you do. Bring the children and grandchildren, if you haven't any, borrow someone else's!

The Big Top where the action will be in Lion's Park when the circus comes to town on Thursday and Friday.

Seniors enjoy outing

The St. Albert Senior's Club needn't have wondered if they would have enough people interested in a visit to Fort Edmonton to make up a busload. When the day came (August 4) they not only filled the Kinsmen bus, but a private car as well.

The group was accompanied by Tim Mallandaine, special program's co-ordinator for the town, who is working with the Seniors during the summer. Tim took his camera along and expects to have some good shots in a short time. Everyone thoroughly enjoyed the outing, reports Mrs. Vaugeois.

Tomorrow the Seniors will meet in their Rec Centre for a card party and as usual the pool tables will be going for those who prefer.

Membership in the Senior's Club has now topped

the 80 mark and there are a number of activities on the agenda, including the annual picnic sponsored by the St. Albert Lions Club.

Following the recent film showing of Seniors enjoying a program of yoga exercises, Annette Hauptman will be meeting with the club to see if arrangements can be made for such a program at the Centre.

The manager of Mayfield

Inn has extended an invitation for the members to a luncheon and plans are also being made to hold a dance when an orchestra can be located.

Last week the Bingo drew a large crowd to the regular meeting at the Centre, and bingo remains a favorite program for many of the Seniors. The ladies are happy that the menfolk look after running the bingos.

JOLLY ANGUS FAMILY STEAKHOUSE 12904 97th STREET

Serious road condition problem brought to head

A meeting was held August 13 between the Town of St. Albert, engineers Stanley and Associates and officials of the MD of Sturgeon on bad road conditions on 170th Avenue between 127th Street and 142nd Street.

According to MD of

Sturgeon Councillor Clay Crozier, and about 60 St. Albert and MD of Sturgeon residents, the road has never been the same since the St. Albert waterline was put through this area.

This would seem to be in flat contradiction of an agreement made by the Town of St. Albert with the MD of Sturgeon that the road would be restored after the initial disturbance of waterline construction.

Mr. Crozier said that the road had been good, "we had a good road there last year," but he complained that things had been getting

so bad that some of the ratepayers were losing confidence in his ability to bring the problem to a head and get some action from St. Albert.

He said there had been a petition from residents in the area to get the road fixed. "Often they are unable to get out," he continued, and "holiday trailers have had to be pulled in or out (of their property)."

However it looks as though the meeting August 13 will have brought things to a head highlighting in some measure the inconvenience which residents have been

put through since the waterline has gone in.

Farmers in the MD of Sturgeon have also been complaining about the condition of the sewer line road (since sewer line construction) at 75D where the sewer line goes up the centre of the road.

This road has not been restored properly either and

it looks as if St. Albert will be under pressure to get roads affected by both sewer and water lines improved in the near future.

Industrial park a boost to town's assessment

A brochure on St. Albert's proposed "East Industrial Park" indicates that the town will benefit greatly from increased tax revenues if the park sees the light of day.

Of St. Albert's existing total assessment only 0.61 per cent can be traced to industrial development.

But with the two zone industrial park development the annual tax revenue for the town is expected to be \$2 million of which the municipal portion is \$1,100,000. The remaining \$900,000

would be available to the town's educational systems.

Other benefits to the town would come in the form of added purchasing power in the areas of shopping, entertainment and recreation.

These estimated tax revenues would represent about 50 per cent of the present tax revenue of the town of St. Albert.

Municipal operations and maintenance include fire protection, road maintenance, park upkeep and police patrol. These cost the mun-

cipality \$82,400 annually.

Epec Consulting Western has been commissioned to prepare the outline plan for the development of the light industrial park, an area within the town of 320 acres.

Land which would be affected by the development lies within the MD of Sturgeon bounded on the west by the NAR rail right-of-way and bounded on the south and east by the proposed ring road and north west freeway. The outline plan includes the additional

area of 450 acres which with the area lying within the town will make for a light industrial park of 685 acres.

142nd Street has been designated as a temporary industrial road until 149th Street is constructed. That street in turn would serve as a flume boundary between the town's residential and industrial uses.

Hebert Road would be limited solely for employee access.

The two light industrial land use classifications would allow high standard office and commercial space such as can be seen in the Bonaventure Park in northeast Edmonton and the Scona development in the south part of the city. There would be light manufacturing and warehousing in the other zone.

Neither zone will permit heavy industrial or manufacturing uses.

Residents of St. Albert and area are invited to attend a public meeting August 20 at 8 p.m., in the Club Mocambo where they will be able to quiz consultants and developers on the proposed industrial park.

Copies of the proposed development have already gone out to residents within the Akinsdale, Forest Lawn and Sturgeon Heights areas

which would be most directly affected by the development.

Additional copies are in the town hall and the library.

An outline plan (conceptual) of the proposed industrial area is on display in the Grandin Shoppers Mall.

Full copies of the consultant's report "Town of St. Albert East Industrial Area Design Brief" are also available in the town's public library.

Town of St. Albert

PUBLIC NOTICE

[Section 311 of The Municipal Government Act]

TAKE NOTICE that the Council of the Town of St. Albert, in the Province of Alberta, has given first reading to money Bylaw No. 17/75 which will, on final approval and ratification, authorize Council to borrow monies by way of debenture, to pay for the cost of constructing a building to be used for municipal purposes within its municipal limits.

The estimated total cost of the aforesaid project amounts to \$295,000.00. After deducting from this cost the amount of nil, to be received by way of grants/contributions/revenue funds/donations, etc., the net amount to be borrowed on the credit and security of the municipality at large by the issue of debentures is \$295,000.00. The debentures are to be repayable to the bearer in twenty-five (25) equal consecutive annual instalments of combined principal and interest, the interest not to exceed a rate of more than twelve per centum (12%) per annum.

NOTICE THEREFORE is hereby given by the Council of the Town of St. Albert, that, unless a poll of the proprietary electors for and against the said debenture borrowing is demanded, as provided for by the terms of The Municipal Government Act, the said Council may pass the said Bylaw and submit it to the Local Authorities Board for final ratification and certification that a vote of the proprietary electors thereon is not required.

OF WHICH all persons interested are hereby notified and they are required to govern themselves accordingly.

NOTICE TO PROPRIETARY ELECTORS

A proprietary elector is -

- a person whose name appears on the assessment roll in respect of land liable to assessment and taxation for general municipal purposes, and
- a person who is liable for the payment of a mobile unit licence.

Five per cent (5%) of the proprietary electors may by petition request a vote on a money bylaw under the provisions of Sections 311 and 7 of The Municipal Government Act.

- The petition must be received by the municipal secretary within 15 days of the last publication of this notice and shall contain on each page an accurate and identical statement of the purpose and objectives of the petition.
- Each signature to the petition shall be witnessed by an adult person who shall take an affidavit that to the best of his belief the persons whose signatures he has witnessed are qualified to vote at a general election.
- There shall be set out opposite each signature on the petition -
 - the legal description of the property or other qualifications entitling that person to be a proprietary elector,
 - the postal address of the petitioner,
 - the occupation of the petitioner.
- A corporation or a church or other religious organization or an estate, the name of which appears on the last revised assessment roll as the owner, conditional owner or purchaser of land and which is not exempt from taxation, may in writing authorize a resident representative to sign a petition on behalf of the corporation or a church or other religious organization or an estate.

5. The petition shall be filed with the municipal secretary who shall, in accordance with the Act, compute the number of petitioners that have signed the petition and determine the sufficiency thereof.

6. Every petition shall have attached to it a signed statement of a person whose name appears upon the petition, stating that he represents the petitioners and that he is the person to whom the municipality may direct any enquiries with regard to the petition.

7. No name shall be removed from the petition after it has been received by the municipal secretary.

8. If two or more money bylaws are advertised in a single notice, a separate petition shall be filed with respect to each bylaw.

9. The date of the last publication of this Notice is August 13, 1975.

Registry of agricultural expertise to be established

Alberta Agriculture and the Alberta Export Agency are compiling an inventory of everybody in the province with agricultural skills interested in making these skills available to people in overseas countries.

These two government departments are collaborating in setting up a registry of people and firms to which the Alberta Export Agency can refer consulting firms, foreign customers and governments who want technological knowledge and staff for various agricultural projects that are planning to undertake.

The intention at the present time is simply to register those individuals and firms that have agricultural technological capabilities which could be put to use overseas. The registry will be kept up to date so clients can be put in touch with those most qualified to provide the service required. More detailed information on specialized experience will be collected as needed through interviews with registrants, or by questionnaire.

The registry is being organized in response to the many requests the Alberta Export Agency has been receiving from overseas countries seeking technological help with a great variety of projects.

The fact that a person or firm has registered does not imply he will automatically be given a consulting job, but it will increase the chances of overseas clients being aware of the services he is prepared to offer. The agricultural expertise found in Alberta is particularly suitable for many of the small-scale projects for which technical assistance is urgently needed.

Anyone interested in registering should send his name and address and an outline of his area of expertise to T. S. Rackham, Market Intelligence, Alberta Agriculture, 9718 - 107 Street, Edmonton, T5K 2C8.

ENGAGEMENT ANNOUNCEMENT

Mr. and Mrs. Ronald Yeats of 4 Gillian Crescent are pleased to announce the engagement of their daughter Debra to Karl Kolind, son of Mr. and Mrs. Niels Kolind also of St. Albert.

THANK YOU

We, the family of the late Emile Terrault wish to express our sincere thanks to all our friends, relatives and neighbours for their many acts of kindness during our recent bereavement. Your spiritual and floral contributions are deeply appreciated.

Thanks to the doctors and nurses of the St. Albert Sturgeon General Hospital.

Special thanks to our pastor Father Joly, Father Roy Bishop Bokenfor, the organists, soloists, pallbearers, altar boys and Connelly-McKinley Ltd.

Mrs. Mary Terrault and Family.

Photographers chance to meet teacher

Leading teacher and photographer Hubert Hohn, recent addition to the Edmonton Art Gallery, a freelance curator, is interested in seeing and meeting

photographers and their work, particularly if he is unfamiliar with them.

The Edmonton Art Gallery recognizes photography as an important art and al-

though the gallery's goal is to co-ordinate photographic activity with workshops and exhibitions, the long term aim is to see the art flourish in western Canada.

Mr. Hohn is engaged in a

year-long project and he will also review archives of historical photographs for work of aesthetic value.

The success of this project depends a great deal on the involvement of other photographers.

While Mr. Hohn is at the Edmonton Art Gallery, he will also coordinate and attempt to guide what is already happening in photography in Alberta, Saskatchewan and Manitoba.

AROUND TOWN

While the Ken McAmmond family were camping at Thunder Bay in northern Ontario last week, Ken noticed an Alberta license plate at a nearby campsite and walked over to ask the young campers where they were from. St. Albert was the reply and it turned out Ken was talking to Mary Jamison, on an eastern Canada trip with her friend Val Hunt who had made her home with the Jamisons for the past four months and has just moved back to her hometown, Winnipeg. Ken is the senior health inspector for Sturgeon Health Unit.

The impression was left in a report in the Gazette on the circus coming to town this week, that it was the first circus to visit St. Albert. Which brought back some vivid memories to Rock Holman and other members of the St. Albert Lions Club, who sponsored a circus some years ago. Rock had been one of the Lion's whose task it was to clean up after the elephants (truckloads of the stuff!). The confusion arose through the fact that this is the first visit of this particular circus. The Wallace-Rogers. The Holman family, by

the way, are just back from a weekend reunion of Rock's family held in Winnipeg.

Basic sewing teacher course

Fifteen local women will be taking a basic sewing teacher certification course August 11 at the St. Albert Stretch Couture Fabrics Shop in the Grandin Shoppers

Mall.

The shop has been chosen for the course by Basic Stretch Sewing of Canada, Vancouver, B.C. and one of the participants of the course will be coming all the way

from Chilliwack, B.C.

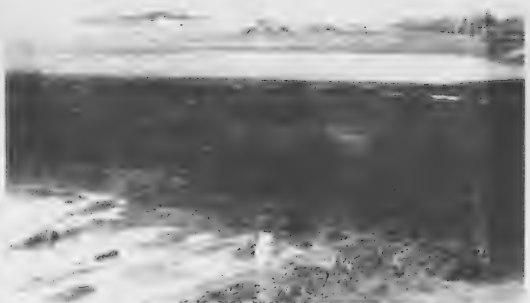

Giving the course will be Eleanor Baxandall of 8 Swallow Crescent who is also co-owner of the St. Albert shop.

The course is accredited and is apart from a sewing program which has been going on at the centre for the last three years.

Mrs. Baxandall says that over 4,000 students have gone through the sewing course in three years and 240 are pre-registered for the coming season.

This is only the third time the teaching course has been presented in Alberta according to Mrs. Baxandall.

The sewing course leading to teacher certification in sewing is full at present and those taking part already own a knit shop or similar operation but wish to have a certificate in special knit techniques.

LOOKING AT this picture you would think you were miles away from anywhere. In fact you're still in St. Albert looking out at a fine rural prospect at the point where McKenny Avenue ends and the countryside begins.

Part of our 'energy dollar' buys a bundle of energy for new Albertans.

Planning for the future is an on-going program at Calgary Power. This year, the rapidly increasing demand for electrical energy will cost us almost triple what it did in recent years. But we've planned for it.

In 1974, the total generation on the company's system was 8,631 million kilowatt hours and this demand is continually growing. We now serve more than 163,000 Albertans with a distribution system spanning 75,000 square miles. And we're growing.

This year, plant expansion will include completion of a 375 megawatt generator at the Sundance Plant, and continuation of work on Unit four which is scheduled for commissioning in 1976.

Tomorrow's energy needs? A fifth unit at Sundance has been approved and Calgary Power has applied for a sixth unit.

We'll expand our facilities to provide a bundle of energy for new Albertans ... today and for future generations. You can count on it!

**CALGARY
POWER**

2504A

TENDERS

Addition to Paul Kane High School
St. Albert, Alberta, for the St. Albert
Protestant Separate School District
No. 6, St. Albert, Alberta.

[38,000 sq. ft. approx.]

Sealed Tenders will be received by the undersigned at the District Offices, 60 Sir Winston Churchill Avenue, St. Albert, Alberta, on Monday, September 3, 1975, at 2:00 p.m. M.D.S.T. for the General Contract, including all sub-trades for a proposed addition to Paul Kane High School at St. Albert.

Bid Bonds in the amount of 5% (five percent) of the Tender amount are required from all Bidders, and a Performance Bond in the amount of 50% (fifty percent) of the total contract will be required from the successful Bidder.

Plans and Specifications are available to General, Mechanical and Electrical Contractors at the offices of WOOD & GARDENER ARCHITECTS LTD. #208, 10830 - 107 Avenue, Edmonton, Alberta, upon receipt of a deposit of \$50.00 which will be refunded when documents are returned in good condition.

Plans and specifications are available to sub-contractors at the Edmonton Construction Association Office.

Tenders will be submitted in accordance with the latest rules and regulations of the Alberta Bid Depository Ltd., through the Edmonton Branch of the Alberta Bid Depository Ltd., located at the Edmonton Construction Association, 10415 Princess Elizabeth Avenue, Edmonton, Alberta.

The lowest or any Tender not necessarily accepted.

Mr. George Hargreaves
Secretary-Treasurer
St. Albert Protestant Separate School
District No. 6
60 Sir Winston Churchill Avenue,
St. Albert, Alberta.

KITE FLYING is all the rage in North America and both contestants and spectators should have their fill of it below the provincial museum August 16. The contest is for the Carling O'Keefe Hang Gliding Award.

Calling all kids!

A penny carnival is being held Friday at the Arena for all children age 4 - 12 years. Parents are invited to come along and see the displays of articles made by St. Albert children in the summer playground program which has been going in the five neighbourhood rinks.

The children have prepared some skits - original commercials and others and they also plan to entertain with a puppet show. There will be a bake sale in

conjunction with the carnival, for which the children are bringing items.

There is no entry fee reports Jeanette Henry of the St. Albert Parks and Recreation summer staff and carnival items will have an upper limit of 2¢, so a few pennies will go along way.

The carnival will welcome all local youngsters whether or not they have been participating in the playground programs, and promises to be a fun afternoon.

Cecile closes summer season

For the closing show of the summer season, the Northern Light Theatre is presenting "Cecile," or the "School for Fathers" by Jean Anouilh.

The play will run from August 19 to September 5.

The theatre is located at the Edmonton Art Gallery, 2 Sir Winston Churchill Square, Edmonton.

"Cecile" is a risqué French comedy written in the style of Moliere and ran for three sold-out months at the City Stage Lunch Hour Theatre in Vancouver.

Calahoo Chiefs win B event in Ponoka fastball tournament

There was good and bad news for the Calahoo Chiefs fastball team during the annual 16 team Ponoka fastball tournament last weekend.

The good news was that the Chiefs sponsored by Nasby Auctioneering won the 'B' event with a 11-1 win over Whitecourt in the final game to win \$150.00.

The bad news was that their excellent second baseman Stubb Berube will be lost for the season with a fractured right wrist. In their pre-game warm-up with Andrew, Stubb took a routine throw at first base and tripped, landing on his wrist.

Second base has been an injury jinx for coach Emile Berube as last season Larry Mitchell was also lost for the year with a fractured ankle and leg sliding into home plate in the May weekend

tournament.

The loss of Stubb left the Chiefs with only nine players on their roster to compete in a possible four games if they were to win either the A or B events.

Chiefs, with Artie Stevenson as their only pitcher, lost a close 3-1 decision to Andrew in their opening game and were dropped into 'B' division.

Calahoo scored a run in the bottom of the seventh inning to break a six all tie with Stony Plain Kings to win 7-6 in their first B game.

Their second game was an easy 7-1 win over Lacombe to advance them into the final of 'B' against Whitecourt.

Stevenson was superb on the mound allowing only three hits as the Chiefs clobbered Whitecourt 11-1 to win the 'B' event and \$150.00.

Gail Refshauge had two home-runs while Sam Quintal and Artie Stevenson each had a solo blast.

Chiefs next tournament action will be this weekend with the Calahoo annual 16 team mens and ladies tournament and barbecue.

Draw time for the mens tournament are as follows: 10 a.m. Calahoo Chiefs - Fireside Realty, 10 a.m. O.K. Construction - Edmonton Aeros, 12 Noon Calahoo Stars - Winterburn; 12 Noon K.C.'s - High Park; 2 p.m.

Stony Plain Playboys - Whitecourt; 2 p.m. Ponoka - Legion, 4 p.m. Fox Creek - Stony Plain Kings, 4 p.m. Spruce Grove Panthers - Enoch.

Games at 6 p.m. will feature the winners and losers of the first two games playing each other.

A dance in the Calahoo Arena will be held Saturday night while Sunday will see the popular beef barbecue served about 2 p.m. All proceeds go towards sports in the community.

HOME PET CARE
ST. ALBERT RESIDENTS. Will provide daily care for your pets in your home while on vacation. Also obedience training provided on request.

ST. ALBERT RECREATION REPORT

ST. ALBERT YOUTH EMPLOYMENT SERVICE

The St. Albert Youth Employment Service is now in its final week of operation. This year's co-ordinator would like to take this opportunity to thank all those who participated in the program for without their interest and co-operation it could not have been successful. It is hoped that the public will not forget about Y.E.S. during the winter months as the service will again be offered to the community next summer.

TEEN PROGRAM

Wednesday, August 13 - At 11 a.m. meet at Lion's Park to go horseback riding.

There is a \$1 registration fee and a \$2/hr. rental fee for riding.

From 7 - 10 p.m. the gym at Paul Kane High School will be open for a variety of supervised recreation activities. 50¢ registration fee, Wednesday, August 13.

Thursday, August 14 - Opportunity to go to the Drive-In. Meet at Lion's Park at 8 p.m. Cost is entrance to the Drive-In.

Friday, August 15 - Meet at Lion's Park at 10 a.m. for a trail hike.

Monday, August 18 - Meet at Lion's Park at 12 p.m. for a trip to the movies in town.

Tuesday, August 19 - Meet at Lion's Park at 10 a.m. for a trip to Hubbles Lake. Enjoy swimming, picnic, etc. Registration \$1.00.

Wednesday, August 20 - At 11 a.m. meet at Lion's

Park to go horseback riding. There is a \$1 registration fee and a \$2/hr. rental fee for riding.

Wednesday, August 20 - From 7 p.m. - 10 p.m. the gym at Paul Kane High School will be open for supervised recreation activities. 50¢ registration fee.

AQUATICS PROGRAM

The schedule of pool hours for the period of August 25 - September 7 is available at the Town Hall and the Grosvenor Park Pool Office.

TENNIS

A court reservation system is now in effect on all tennis courts in town. In order to reserve a court pick up a reservation tag from the Town Hall or one of the

tennis supervisors and phone in your number to the Town Hall to book a court for two hours during any one week.

CIRCUS COMES THIS WEEK

A one ring circus will be in town this week, August 14 and 15 at the Lion's Park.

Sponsored by the St. Albert Minor Football Association the circus will be putting on two shows each day, one at 3 p.m. and one at 7 p.m. Advance ticket prices are \$1.25 for children under 12 and \$2.50 for adults. Tickets at the gate are \$1.50 for children and \$2.75 for adults. Tickets are good for one show only on any of the two days.

Tickets are available from members of the Football Association or from the St.

Albert Sportshop, Ozzie's Cycle and Sports and Hutching's Shoes.

PLAYGROUND PROGRAMS

Please note that the playgrounds will close August 22 due to the opening of some schools on the following week. We would like to thank all parents and volunteers for assisting in the program during the summer.

FALL CALENDER OF LEISURE PROGRAMS

Be sure to watch the

September 3 edition of the Gazette for the fall calender of leisure programs and information on registration. This year the calender will also include courses offered by the St. Albert Further Education Council.

MILE SWIM AWARD

Sunday, August 17, Grosvenor Pool will be opening the pool for those who wish to try for the Mile Swim Award. One mile in the pool is 64 lengths. Program begins at 9 p.m. Cost is \$1.00.

Lacrosse teams reach semi-finals

The St. Albert Lacrosse Association wound up another successful season last Wednesday evening. The novice team coached by Mr. Bill Harrison went farther in playoffs than the peewee or bantam teams this year.

The novice team played a two-game total point series with Sherwood Park in the semi-finals winning with 13 to 11 overall score. The first game was video-taped by our St. Albert television station

and shown on local cable last Thursday evening. The novice team next played Southeast Edmonton in the finals for the right to play Calgary for the provincial championship. The first game ended in a 2-2 tie. The second game ended with a score of 4-2 S.E. Edmonton.

Anytime a team of nine players can go this far against teams with 15 players dressed for each game, they must have a lot of skill

and desire.

Mr. Bill Harrison is to be commended for teaching his team a very clean, fast and aggressive style of lacrosse.

The peewee team very capably coached by Mr. Ed Jones played a two game total point semi-final series with West Edmonton. The first game of this series was video-taped by Mr. Jack Follett and his crew and shown locally last Thursday evening. The peewee team

lost their semi-final series.

The bantam team, well coached by Mr. Wally Monson, experienced a very enjoyable season even though they did not earn a playoff berth this year.

The St. Albert Lacrosse Association will hold a public meeting in September. All interested persons and parents of players will be invited to attend. The purpose of this meeting is to plan next year's Lacrosse program.

Midgets will still see summer games action

The St. Albert Killarney Midgets were defeated by Warburg July 31 in the Summer Games playoffs in two straight games 13-9 and 10-2.

They were trying to make it to the summer games (baseball) in Red Deer,

August 31 and September 1. Their coach Les Long pointed out however that seven of the teams made it anyway by a round-about route. They were picked up by the Warburg team and will see action in the summer games in any event.

Eight teams from across Alberta will be representing eight different zones at Red Deer when the summer

games come up later this month.

In other midget baseball action, the St. Albert Killar-

ney Midgets journeyed to Fawcett, August 5 and swept through a seven team tourney winning all three games. Mr. Long and manager of

the midgets Wes Hardy wish to thank all the boys who took part in midget baseball this year and "hope to see them back next year."

Morinville wins Alexander tournament

Last week started out wrong for the Morinville Seniors when they were edged 8-7 by Westlock on Wednesday, August 6, in a make-up game. However the team got on track for the weekend and won the Alexander tournament, handily exhibiting their mid-season form.

Saturday Morinville dropped Linaria 3-0, sparked by Peter Provincial's home-run, to earn a further tournament appearance against the strong Westlock team. This close fought contest was won by Morinville 6-5, Sunday, August 10, on Rick Pug-

liese's homer. The stage was set for the final against the Alexander Braves, on Sunday evening, at 6 p.m. Morinville easily outpowered the hapless Braves 14-2 to win the invitational tournament. Rick Pugliese rapped another homer in this game as did Norm Kootenay. Our Seniors seem to be regaining their earlier form, and at a most appropriate time, as league play is almost finished and playoffs will begin shortly. Next weekend the Morinville Nine will tour to Westlock where they will face Vimy at 10 a.m., Saturday, August 16 in tournament play.

Playboys win fastball crown

Stony Plain Playboys defeated first place league finishers Spruce Grove Panthers two straight to win the 10 team Sturgeon Men's Fastball crown.

Playboys, behind the pitching of Gerald McGinn and

Jim Millar went through the playoffs undefeated with two straight over St. Albert A's (last years champs) and two in a row over Panthers.

Playboys won the opener over Spruce Grove 5-0 and won the championship cup presented by League President Emile Berube with a 2-1 win in the final.

Football action on Sunday

St. Albert Bantam Football team will be playing an exhibition game against an Edmonton South side team Sunday at 2 p.m. at the Lorne Akins field. Everyone is invited to come and support our local players. Tryouts for the bantam team are taking place at Lorne Akins field Wednesday night at 6:30. Anyone between the ages of 13 to 15 are welcome to attend.

St. Albert Minor Football is pleased to announce that Jim Wiltshire and his son Rod have undertaken the coaching duties of the Sturgeon - Akinsdale (Standard General) peeewe team. Rod Wiltshire has played fullback and middle linebacker for the St. Albert Bantams the last two years. Last year he led the entire 16 team bantam league in rushing. Any boys between the ages of 10 and 13 are encouraged to tryout for the Sturgeon - Akinsdale team.

Practices will be held at Vital Grandin field at 6:30 p.m. Wednesday.

Did You Know? Buttermilk

Nothing quenches your thirst like a cold, tangy glass of buttermilk. Originally, buttermilk was a residue from the butter churn. Today, it is made from pasteurized skim milk. A culture is added to develop the desired flavor and to produce a heavier consistency than skim milk from which it is made. Buttermilk differs nutritionally from skim milk, only in that it contains more lactic acid. This is because the culture changes the lactose (milk sugar) to lactic acid. As its protein is in the form of a fine curd, it is also more quickly digested than skim milk. The tangy, acid flavor of buttermilk makes an ideal combination with soda to make tender, crusty biscuits and delicious pancakes. It is also a favorite in combination with fruit to make refreshing sherbets.

If you would like recipes for the use of buttermilk, please drop us a line at P.O. Box 430, Edmonton T5J 2K2.

Precedent set by Sturgeon regional rec. agreement

"It's a pity the Edmonton Journal and the Calgary Herald are not here."

That was a comment made by special guest and provincial government area representative Gordon Smith as he congratulated the precedent set by Sturgeon Regional Recreation and the cooperating authorities throughout the Sturgeon area in signing a regional recreation agreement August 8.

At the signing ceremony were the Reeve of the MD of Sturgeon, the mayors of Bon

Accord, Gibbons, Morinville and Legal, school district representatives and also the staff of Sturgeon Regional Recreation.

After the ceremony, a delicious supper was served in the Sunningham School, Morinville which had been prepared by recreation staff. Mr. Smith, in a brief speech, said that the co-operating bodies had set a precedent in Alberta for their cooperation in their signing of the agreement which has written into it the \$100 per

capita grant from the provincial government.

Reeve of the MD Bill Flynn congratulated the various municipalities in signing the regional recreation agreement which was possible through their joint efforts.

President of Regional Recreation Angus McDonnell said that everyone had worked very hard to get the agreement and hoped that it would work out well.

The agreement is basically an update on the old regional recreation agreement which

needed ratification as at January 1, 1975.

Written into it are indentures protecting the rights of both rural and urban residents in the area to enjoy public recreation facilities and consistent fees in those facilities.

The agreement with the cooperating authorities gives the regional council powers concerning the growth and development of a wide range of recreation services and to make sure that the maximum and most efficient and

economic use is made of all available recreational opportunities and facilities by the citizens of the cooperating authorities.

In another major part of the agreement the regional council is responsible for administering the provincial government major cultural recreation facility development program along with the cooperating authorities.

In the financial part of the agreement school boards with representation on the regional council are exempt from the equalized assessment contribution. However

each of the other authorities contribute on an equal mill rate level which they decide themselves.

Regional recreation regulations will have to be re-negotiated between September 1 and December 31, 1978 under the terms of the agreement.

Also under this new agreement an authority may withdraw by giving six months notice in writing to regional council and also to the other cooperating authorities. The withdrawal itself is only effective January 1 of the following year.

Spotlight on Sturgeon

Policing a problem for smaller centres

There must be many of the smaller towns and hamlets of the St. Albert constituency and the MD of Sturgeon which wish they were big enough for on the spot RCMP police protection.

At the moment you have to be 1500 or more to qualify for this protection as did the town of Morinville recently.

The four man RCMP force there really has its work cut out.

Not only do they have the town to look after, but they are also expected to police a vast area which includes such communities as Busby, Carbondale, the Alexander Indian Reserve, Sandy Lake, Bon Accord, Gibbons and Legal as well as other points on the map.

That is a pretty big area for such a small force to police.

And of course each community can present its own problem in the way of policing.

The growing village of Gibbons is apparently having more than its fair share of trouble with vandals and must present a unique problem in policing for the RCMP.

The village is not big enough to support or take out a contract with the RCMP for an in-town force and Mayor "Snip" Lublick says that it'll be at least another year before the village will have grown enough to take out an RCMP contract. A new subdivision is just about full in that community and as the town solves its water problem it is sure to grow faster.

People who move into the community to get away from the hustle and bustle of city living will naturally expect to have the things which they seem to take for granted i.e. adequate police protection.

Gibbons' vandalism problem may also stem from another source.

It is close to the intersection of Highways 37 and 28 bringing traffic - and transients from Edmonton as well as motorists who traverse the village to get from one highway to the other.

Some feel that it may be the transient population which is causing the bulk of the vandalism problem, which is further exacerbated by the fact that RCMP cannot give the village 24 hour protection on the spot.

You cannot blame the RCMP for this as they have their hands full trying to look after other communities in the St. Albert area some large some small.

RCMP talk of the "100 mile circle" as they do their regular patrols which take in the small hamlets of Riviere Qui Barre, Carbondale and Busby and they can't be in two places at once.

And if they are ever going to lick the crime problem, they are going to need more people who are prepared to let themselves be subpoenaed as witnesses as well as to lay charges, once they have been at the scene of an act of vandalism.

Geese Power

A new wrinkle on harnessing wildlife has been uncovered by Nova Scotia's Department of Agriculture and Marketing. Geese, it seems, are excellent strawberry weeder - nipping off grass and weeds with impressive efficiency. More-

over, agriculture officials say, the birds work continuously and demand no pay other than the choice weeds they devour. Already, 165 goslings are at work on three farms in Cumberland County. Farmers there are reportedly happy with their free employees. Geese also eat

the grass next to plants, which is difficult for humans to remove by hoeing or cultivation - and they do it without damage to plant roots. This is especially advantageous during wet seasons when field conditions prevail that curtail normal cultivation. Geese also keep ditches and fence rows clear, and add natural

fertilizer to growing plants. Two to four geese per acre will do the job in row plantings. Only low fences are needed to restrain them as geese seldom fly. Unlike human weeders, geese do not eat the strawberries they're "hired" to protect, nor will they disturb crops of raspberries, blueberries, or tobacco.

VIMY NEWS

By Darlene Provencal
Mr. Jim Henderson left last weekend to spend a few months working at Whitehorse, in the Yukon. He has a job on a power line there. This week he telephoned Barb to say he arrived safely and reports that the country there is beautiful.

Last week the Vimy residents were happy to see the MD trucks unloading gravel on our streets. Certainly is what the town needed.

Please take note that the Vimy Utilities Co-op cabaret, set for August 16, has been postponed until November.

Dennis and Pat Borduzak motored to Fairmont Hot Springs to spend a few days last weekend. They enjoyed the comforts of the beautiful lodge there as well as the swimming pools.

Bob and Carol Burns and Patty are presently on a holiday through the moun-

tains. With them, as far as Calgary, is Miss Debbie Henderson who will be spending the week with her grandmother.

Henry and Annie Bernard are home after four weeks of holidaying through B.C. and parts of Washington. They were using their new camper special and thoroughly enjoyed stopping in at the National Parks. Their holiday was cut a little short though because of the illness of

Annie's mother.

Congratulations to Mr. Fernand Bilodeau who has been awarded with a leadership trip to the 4th State Congress in Bozeman, Montana, from August 10 through to August 17. Congratulations also to the following members who received 4H awards at Olds last weekend: Lyle Brown - Western Canada - 4H Seminar at Winnipeg; Agnes Blanchette - Interprovincial - 4H exchange to Manitoba;

Michel Blanchette - Interprovincial - 4H exchange to B.C.; Beverly Brown - Interprovincial - 4H exchange to P.E.I.

Miss Jocelyn DeChamplain is presently home after a very fine holiday to Quebec with "Contact Canada," a government organization. She spent a total of 22 days with the group, camping for 10 days at Lac St. Jean and Sault-au-Mouton, before crossing the St. Lawrence River to Temiscouata, (close to the Quebec-New Brunswick border). A three day canoe trip had her camping at Maine, U.S.A., and Edmunston, N.B. Then back to Quebec where they flew to Ottawa to spend the final five days. Jocelyn disengaged from her group in Toronto to spend an extra three days visiting with her aunt and her husband, Rachel and Barry Ford. Sounds like you had a wonderful time.

On August 3, Alphonse Blodeau, Liz and Brigitte Lussan, Agnes Blanchette and Michel Blanchette left

for one week on an exchange trip to Pincher Creek.

Emile and Mary Bernard and Monica enjoyed a week's holiday motoring first to Grande Prairie where they visited with Mike and Evelyn Hein and family. On through Dawson Creek and then into Chetwynd where Monica took suddenly ill and had to spend a few days in the hospital there. After this, they visited the Rene Joly family at Mackenzie, B.C., before motoring by way of Prince George down to Jasper to visit Mary's brother, Carl Birk and family, and the Gene Kantor family.

This week Mr. Roland Limoges purchased a new three ton truck, GMC 6,000 series. Must be a cinch to drive, heh Roland?

Congratulations to Mr. and Mrs. J. R. Bilodeau, who are grandparents once again. Best wishes are also going to the happy parents of a 6 lb. 13 oz. baby girl, Yvon and Penny Bilodeau on August 7. A sister for Brent. Other proud grandparents are Mr. and Mrs. Stanford Nelson of Clyde.

Soetaert- Borle Wedding

A pretty summer wedding was held on August 8 in St. Emerence Catholic Church at Riviere Qui Barre when Miss Elaine Borle exchanged marriage vows with Mr. Arthur Soetaert Jr.

The bride is the daughter of Mr. and Mrs. Firmin Borle of Riviere Qui Barre and the groom is the son of Mr. and Mrs. Arthur Soetaert Sr. of Calahoo, Alberta.

Father Roche performed the double-ring ceremony and offered the nuptial mass. Vocalists for the mass were Miss June Borle and Mr. Gerald Soetaert, accompanied on the organ by Mr. Rene Soetaert and on the guitar by Mr. Brian Klak.

The ushers were Darrell Regimbald and Bob Meunier.

Escorted to the altar by her father and mother, the bride was radiant in her floor length gown of sheer over satin featuring a detachable train edged with lace. Her dainty all lace bodice included a high neckline with long lace sleeves. Lace appliques enhanced her A-line skirt. A wide band held her long trailing veil, which was trimmed in matching lace. The doll-like bride carried a bouquet of deep red sweetheart roses and miniature white carnations. The bouquet was tied with long white ribbons tipped with sweetheart roses.

The bride was attended by Patricia Borle, who was lovely in her soft apricot - coloured floor length gown, which was complemented by a lace cape of the same colour. Her bouquet was a nosegay of soft yellow and light orange daisies tied with matching ribbon.

The groom was handsome in his tuxedo which featured a beige jacket trimmed in dark brown braid. His boutonniere was a white carnation and red sweetheart rose.

The best man was Kenneth Borle, who wore a dark brown tuxedo also trimmed in braid. His boutonniere was a white-orange carnation.

The mother of the bride wore a soft blue floor length gown featuring long wide cuffed sleeves with white accessories. The groom's mother chose an apple green floor length gown complemented by a fingertip length floral jacket and silver accessories. The corsages of the mothers were matching orchids.

Following the ceremony a supper was held at the Morinville Rec. Centre for some 125 guests. Mr. Don Roberts, brother-in-law of the groom, acted as master of ceremonies for the occasion. The toast to the bride was presented by Mr. Raymond Como, friend of the

ART AND ELAINE SOETAERT
Photo by J. Khullar

bride. Mr. Borle and Mr. Soetaert Sr., welcomed the guests and thanked them for joining them in celebrating their children's wedding. Mr. Prudent Borle, grandfather of the bride, was an honoured guest of the evening. The groom's father

sang "Just Because," for the happy couple; a song which he sang to his bride some 40 years ago on their wedding day.

After supper a large dance was held with some 450 guests who all had a very enjoyable evening. Out of town guests came from Whitehorse, Quebec and Port Alberni.

Following a honeymoon to B.C., Mr. and Mrs. Art Soetaert Jr., will be making their home in Calahoo.

Legal ball team honours departed player

By Lucienne Montpetit
Before the official opening of the baseball tournament at Fete au Village a tribute was paid to a departed baseball player, Paul de Champlain.

The All Girls Drum and Bugle Band performed an official march past on the ball diamond, coming to a halt in front of the Legal team members, lined up at attention at the spectator end of the field. Following an

appropriate musical rendition by the band, Master of Ceremonies Walter Van de Walle, spoke to the large crowd:

"On June 29 a tragic accident took the lives of four promising citizens of our community and one of them was a ball player with the Legal team and that's why we are gathered here today to pay tribute to him and make a presentation to his

parents.

Walter read the scroll that was framed together with his picture, baseball uniform and his number (which will never be given to anyone) and his cap and glove. It read: In Memoriam; The members of the Legal Senior Baseball Club wishes to express their sympathies to the parents and relatives of one of our baseball players, Paul de Champlain, we shall not only remember Paul for his sportsmanship and his dedication to the team, but also for his competitive spirit, his ability, his experience and his tenacity as a ball player.

The enthusiasm with which he shared good and bad times will remain in our memories forever.

As a friend we dearly miss

the warmth of his smile, the wholeheartedness of his laughter and the sharpness of his wit. Paul's readiness to give a helping hand and the happiness with which he gave it will always remind us of his true and deep friendship.

We all share the loss of a true sportsman, and dedicated friend and a wonderful human being. This was signed by the ball players.

Raymond Brisson, manager of the baseball club, presented Mr. and Mrs. de Champlain with the lovely souvenir.

The de Champlain family wish to thank sincerely the Legal Baseball Club and friends for their touching and much appreciated gesture, and the fine tribute offered in memory of their son Paul.

Mr. and Mrs. de Champlain were presented with the uniform of their son Paul by Raymond Brisson, manager of the Legal Baseball Club, during a special ceremony at Fete au Village. Framed and mounted with the uniform is a scroll containing the tribute made to Paul by his team-mates. Paul lost his life in a tragic accident in July, which also claimed the lives of three other young people from the village.

Eleven year old boy dies of burns

By Sharon Rempel
Sincere condolences to the Peterson family for the loss of their 11 year old son Kent. His death was the result of burns he had sustained in his backyard. The funeral was held Monday with interment in Legal. Kent was to have been in grade 6 this September.

The official opening of the Legal Alfalfa Plant is slated for August 13. A ribbon

cutting ceremony will take place at 4 p.m.

Ronald and Joanne would like to announce the arrival of their little brother Albert on July 29, 1975. He weighed 8 lbs. Proud parents are Mr. and Mrs. Ernest Pelletier, with equally proud grandparents Mr. and Mrs. Germain Auger and Mrs. Anna Pelletier. Godparents are Mr. and Mrs. Albert Adam of Edmonton.

MacGregor Sheehan wedding at Villeneuve

Kam MacGregor and Dianne Sheehan were married recently in St. Peter's Church, Villeneuve.

Reverend T. J. Kroetch performed the ceremony.

The bride entered St. Peter's Church in Villeneuve on the arm of her father, Mr. Patrick Sheehan. Her dress had a beautiful lace covered bodice with long lace sleeves. The veil, attached with pink roses to her hair, covered her long full skirt and flowed gently over the train of her dress. The bride carried a white prayer book with streamers of pink roses. The prayer book was the same one her mother used on her wedding day.

The groom wore a light blue suit, complimented by a white carnation with a pink rose embedded in the center.

Attending the bride were Colleen Sheehan, Beverly Smith and Patricia Sheehan. They were dressed in light spring colours of pink, orange and green with matching flower printed capes made by the bride's grandmother, Mrs. Peter Sheehan.

The groom's attendants

were Ross MacGregor, brother of the groom, Dale Booth and Sandy Douglas.

The ceremony was beautifully performed with the help of the alter boy - Brian (brother of the bride), the organist, Mrs. Andre Borle and the choir, Moira and Sandra Sheehan, Joyce, Debra, June and Simonne Borle, Jim and Mary Ganton, and Cal Protal. The Readings during the mass were read by Colleen and Patricia.

Upon leaving the church Mrs. Dianne MacGregor left a rose from her prayer book in front of the statue of the Blessed Virgin Mary.

The dinner was held at the Morinville Rec. Centre and grace was said by Father Roche, pastor of Villeneuve. The program was very efficiently handled by the master of ceremonies, Raymond Soetaert. During the program Father John Cunningham gave some good advice and extended his best wishes to the happy couple. The toast to the bride was given by David Borle.

Many good friends and relatives attended the reception and dance in the

KAM MacGREGOR [left] and Dianne Sheehan married recently in Villeneuve.

evening, enjoying the lively music of the Satellites, highlighted by a square dance called by Mr. George Soe-

taert.

Our best wishes go to Mr. and Mrs. Kam MacGregor, who are residing in their new home in Devon.

Now's your chance to become a farmer

If you've always wanted to be a farmer now's your chance to learn.

Alberta Agriculture and Alberta Advanced Education and Manpower are sponsoring a green certificate farm

training program to train aspiring farmers in the management and manual skills that will equip them for responsible positions in the Alberta farming community.

Other aims of the program are to train the student under a competent farmer by a basic system of on the job experience; also to provide the educational and administrative support services that will co-ordinate and supplement this experience.

Any person wishing to pursue a business career in farming is eligible to apply for placement on a farm that provides experience in their area of interest.

Farmers wishing to participate in training these new farmers may apply for selection as a trainer farmer.

Applicants must be over 16 years of age and if under 18 must have written parental consent. Also each trainee must be legally entitled to work in Canada. That is they must be a Canadian citizen, landed immigrant or a visitor with a work permit.

Trainees are eligible for financial assistance but not if they are working on their own family farm or that of close relatives.

Interested trainees and farmer trainers can obtain application forms from their District Agriculturist or local Canada Labour Pool.

Completed forms must be returned to: Green Certificate Farm Training Program, Agricultural Development Corporation, 4910 - 52 Street, Camrose, Alberta.

It's the big day for Legal alfalfa plant

It took \$1.2 million, a year of serious study and planning, a year of construction and countless late night meetings for organizers to put together what is probably the most modern plant in the alfalfa industry in Western Canada.

But August 13 made it all seem worthwhile.

On that day, official opening ceremonies at the plant site marked the realization of a longstanding dream of many Legal area farmers.

The plant will be the largest agricultural processing industry in the MD of Sturgeon and will provide some 30 new jobs.

The opening ceremony was followed by a reception, banquet and dance for invited guests.

General manager of Legal Alfalfa Products Ltd., Maurice Daoust said that any plant of this size is going to inject a lot of money into the community either in the construction or in the operating stage.

One of the main advantages of the dehydrating plant is that it has freed farmers from the drudgery of haying, he added.

The new plant is located one and a half miles west of

the Town of Legal and has a production capacity of 150 tons per day or 16,000 to 17,000 tons per year.

To keep the plant supplied requires almost non-stop running of three heavy duty swathers, two of the largest forage harvesters available and two IHC tandem trucks equipped with specially designed boxes.

Alfalfa processed at the plant goes through many steps before it is shipped to the buyers. The first involves the swathing of the standing alfalfa. Each of these swathers can cut up to six acres an hour.

At the plant the alfalfa is unloaded into the huge hoist equipped lift.

From there it is fed into the dryer where the moisture content is reduced to a uniform level.

This dried alfalfa is then ground into a meal (fine flour like powder) which is sent into a pelletter where steam is injected into it to give it adhesive qualities so that once pressed into pellets the shape is retained.

The pellets are then cooled and sent to one of the 10 1,000 tons storage bins where they will await shipment to domestic or foreign markets.

The members of the Board of Directors are very enthusiastic about the prospects for alfalfa growers and they believe that alfalfa is destined to occupy more acres of Alberta farmland.

Alfalfa can yield a ton of crude protein per acre, produce for years after planting, get along without nitrogen fertilizer, and leave nitrogen for the following crop.

The energy crisis has already boosted the attractiveness of alfalfa along with other legume crops that have nitrogen fixing qualities. It is felt that the trend towards alfalfa will continue, and it will accelerate rapidly if the energy crisis continues and forces the price of nitrogen higher.

Alfalfa also stands to benefit from the insistent world wide call for more

protein.

Company president Roger Vansevenandt has observed that the plant is the largest primary agricultural processing industry ever brought into the MD of Sturgeon.

"This is an ideal location," he said, "for not only have our studies shown this area to be excellent for alfalfa growth, but the plant is in the heart of the large Edmonton dairy shed and hog raising area."

Also with immediate rail and highway access, we will be able to ship to ever growing international markets."

"We will be concentrating on alfalfa products to begin with," he added, "but government figures are very encouraging as far as the processing of other forage crops such as faba beans, red clover and timothy. We have

therefore built a plant which will be able to handle these crops as soon as a good market for these products is established."

Alfalfa pellets are in growing demand in poultry, hog and livestock operations. Their concentration and ease

of handling greatly increases feeding efficiency.

The plant expects to receive the bulk of its alfalfa from farmers who contract their crop to the company. However it will also be leasing land on its own for further production.

Better water for Gibbons a must if developments go ahead

A supply of good water is a necessity for the village of Gibbons if Stage Two of a residential subdivision is to go ahead without further delay.

That was a comment in a letter August 7 to the village, the Edmonton Regional Planning Commission and the Department of the Environment from the developer Cambac Financial Projects Ltd.

The letter was also circulated to the MD of Sturgeon, the St. Albert MLA, the Department of Municipal Affairs and others connected with the subdivision's development.

The letter mentioned that 50 families who have purchased new homes in the first stage of the development are not happy with the quality of water in Gibbons. They feel that it is barely potable and not satisfactory for normal usage.

Quick action is called for by the developer to clear the water problem so that development of the second stage can go ahead without further delay.

The first stage of the development indicated that there is a strong demand for reasonably priced lots, but

again it is emphasized that a sufficient supply of good water is a necessity.

Servicing of Stage One has been completed comprising 97 residential lots with the selling price of the lots among the lowest in the Edmonton area.

The average lot price was \$8,000 and out of the 70 houses built in the subdivision about 50 have been sold to date.

Cambac intends to go ahead with the development of Stage Two consisting of about 100 residential lots.

The road has not been easy for the developer as when an application was made for water and sewer construction permits last January, the application was rejected by the Department of the Environment because the problem of the water supply had not been resolved.

The rejection came after conditional approval had been given for the development of Stage Two by the ERPC with no mention of any water problem.

At the outset Cambac had been assured that there were adequate water supplies for the first two stages of the subdivision comprising of about 200 lots.

CROP INSURANCE NOTICE

FALL RYE

DEADLINE AUGUST 31, 1975

Farmers wishing to insure fall rye under the "All-Risk" Crop Insurance program in 1976 are advised they must declare their intention **not later than August 31, 1975**. Unless elected by that date, fall rye cannot be insured next year.

Contact your nearest District Office of the Corporation to complete your election and for full information on coverage levels and premium rates.

Ask about the "spot-loss" provision covering winter-kill in fall seeded rye.

MORINVILLE MEMOS

By Marg Dentz
Monday, August 4, the Morinville Drum and Bugle Band participated in the Camrose Fair Parade. This group of 27 young people walked away with first prize (\$30.) for the bands. Out of the five competing bands, some had as many as 100 members. Congratulations on a job well done! We certainly can be proud of these young people who represent our fair town. On August 15, the band will be travelling to Westlock for the

town's annual parade.

The young people of Morinville have certainly been busy this summer. Julie Himschoot, Jan Caruthers and Ruby Khullar returned recently from a visit to Drumheller. These girls attended the Provincial Recreation Leadership School from June 29 to July 26 and sponsored by the Sturgeon Regional Recreation Department. Julie reports that the trip was very educational and

entertaining too!

Four young junior high students were also busy for part of the summer. Louise Carignan, Richard Himschoot, Scott Caldwell and Mike Jordan went to the A.U.A. Jasper Volleyball Camp from July 27 to August 1.

TEEN DANCE

The Senior Students' Union 76 is having its first dance of the year on

Saturday, August 16 from 10 p.m. until 1:30 a.m. Admission is \$2.50 per person and everyone is welcome. Come on out and dance to "Moonshine" at the Recreation Centre.

LIONS BARBECUE

The Lions Club "Steak Barbecue and Beerfest" will be held on Saturday, August 23 at 6:30 p.m., in the International Building. Tickets are \$5 per person and are available from Lion's mem-

bers. This is limited to 50 couples, so get your tickets early.

Grand opening of the arena will be held on September 6. Tickets for the "Beer Gardens" and dance may be purchased from Ag. Society members. Shortly after the opening of the arena the artificial ice will be installed.

The Senior Citizens have a pleasant day planned for tomorrow, August 14. Departure time is 9 a.m., at the Recreation Centre. First a tour of Burris Packing Plant is in store for the group, and later a picnic at Elk Island Park.

Don't forget Saturday, August 16, the circus is coming to Morinville. Advance tickets are on sale at various merchants for \$1.50 each, which will be 50¢ less than the door price for adults and 25¢ less than the door

price for children. Show time will be at 4 and 6 p.m. For further information see the ads elsewhere in this issue.

Still in baseball(?) The "Donkey Riders" (this time on foot) were trimmed 10 - 5 by the visiting Leduc team Friday, August 8. Dan Wahlfeld managed a home-run in the losing game. The Morinville All Stars will travel to Edmonton Friday, August 15, (at 7 p.m.) where they will attempt revenge on the Leduc nine (at 109 Avenue and 113 Street).

Reader's co-operation in telephoning or bringing in the news is much appreciated, and as early in the week as possible. Please phone 339-4145 or drop off at 9901 - 99 Avenue.

Don't forget the Farmer's Market is held every Saturday at 10 a.m., at the arena. Buyers and sellers are welcome.

Morinville students report on exchange

**By Karen Gibeault
Colette Gibeault**

Two people meet for the first time. The feeling between them is rather awkward and uneasy, but this

certainly doesn't last for long. On July 24, 20 students from Morinville were faced with these emotions as the long-awaited group from Scarborough, Ontario, finally

arrived. When it came time for this group to leave 10 days later, though it appeared as if the parting was that of close and old friends.

During their short visit, the group toured different attractions within Edmonton - including Fort Edmonton Park and Klondike Days.

Saturday, Sunday and Monday were free during the day, while the evenings were planned.

On Saturday, via a "carpool," the two groups attended a dance at Legal's Fete au Village.

Sunday evening, the students were invited to a bonfire hosted by the Dupuis family.

Very early on Monday morning, 20 of the group went on a shopping spree in Edmonton and shocked the waiter at the Spaghetti Factory when we all asked to be seated at the same table.

The following evening, Francophone Jeunesse and Les Femmes Chretiennes hosted a barbecue. From this activity to a dance, sponsored by the Morinville Board of Trade, was a "hay-ride." It caused havoc and left a "tell-tale-trail" along the road.

Tuesday morning, the bus departed at 8 a.m. for a three day stay at Lake Edith Lodge in Jasper.

The Eastern students were impressed and astonished at

the magnificence of the Rockies, but for us, the real entertainment was in their comments and facial expressions.

While Jasper, we visited Maligne Canyon, the sky tram, and the town itself. Although the high points of the visit consisted of bears in our camp, swimming fully clothed, melting bathing suits, and sighting a dog.

The grand finale was a successful party hosted by the Taillefer family after the pot-luck supper on Friday evening.

Saturday came all too quickly - as did the tears. The farewell was short, sweet and sad and then they were gone.

The trip, through the Canada Young Voyageur program, was beneficial in many ways, but the one thing that I feel that this trip taught us, was to accept people as they are - not what they could be, should be, or aren't.

On behalf of the Morinville Student Exchange program, I would like to express our thanks to the Federal and Provincial Governments, the Provincial Co-ordinator, parents, student participants, the student committee, and all the various individuals and groups who have helped make this project a reality.

A very special and big thanks to Mr. and Mrs. John Keylor, our escorts. They were often referred to as "Mom and Dad" because of their understanding and patience with us and our activities.

Especially from the two of us - Thank-you, it was worth it.

Report From Bon Accord

By Sadie Allen

The St. John Ambulance Emergency Service will hold an "Open House" on Tuesday, August 19 at 6:30 p.m., in the Bon Accord fire hall. Residents of the area serviced, may inspect the equipment, ask questions of the emergency technicians and for those who are unfamiliar with the workings of the St. John Ambulance Emergency Service give them a chance to hear and see what it's all about.

July, 1975, has been the busiest month so far this year for the service with 15 responses by the emergency squad. Members of the squad do not receive pay-

ment for any of the time spent on duty, giving up a fair amount of their leisure time to be "on call," and many a time are called out in the early hours of the morning for perhaps one or two hours and still have to punch the clock at 8 a.m. Members put in many hours of study and training in emergency medical care. Exposure to types of accidents prevalent in large cities is given to them by tours of duty with Smith Ambulance in Edmonton. Morinville and Bon Accord members will be spending weekends in Calgary, undergoing advanced training with the Paramedics of the City of Calgary Ambulance Service. All of this

time given by the members of the squad is for the benefit of their community.

Due to unforeseen mechanical problems, the ambulance belonging to the Bon Accord St. John Ambulance Emergency Service has had to have extensive work done on the motor. This problem coincided with another large expenditure, that of public liability insurance on the ambulance. The insurance difficulties experienced by many people have hit here too and it has taken five months to find a company -- from Ontario, to carry the insurance. The cost of these two items far exceeded reserve funds and help is urgently needed. The Bon Accord Emergency Service is probably unique in that it offers a "No Charge" service for all its services. It is not just an "ambulance service but an emergency squad in the sense that members attend and treat injured persons in their homes which in some cases is all that is required. The ambulance is now fully functional and was only out of service for a matter of hours, thanks to Dodds and Sons Esso of Bon Accord. A campaign to raise funds for the service is now underway. Mr. Don Grant of the Bon Accord Hotel kicked off the fund-raising with a personal donation of \$100., equally matched by Dodds and Sons Esso. Gibbons Fire Department have pledged \$100. Thanks are extended from members of the service to all those friends who have already subscribed to the fund. If you have benefitted from the service in the past, hope to receive benefit or hope you are lucky enough to never need it, now is the time to make sure that it will be still around if and when. Any donations will be gratefully accepted.

The sympathy of the district is extended to Taras and Olga Ferbey in the loss of their son Patrick.

The Bon Accord United Church has resumed regular Sunday morning services at 9 a.m. Sunday School will begin again in September.

A preliminary meeting will

be held on August 21 at 7:30 p.m., in the Bon Accord Community Centre for boys interested in playing soccer this fall. Questions may be directed to John Doughty, 921-3620 or Mike Hartley, 921-3512.

Senior men will be playing tournament ball at Andrew this weekend. League play-offs are scheduled for August 24 when Bon Accord will be defending the Molson Cup they won as league champions last year. The games will be played at the home diamond of the league's first place team.

Softball fans can look forward to Junior A Provincial finals here at Bon Accord or at Clarke Stadium on August 16 and 17, rather than in Southern Alberta. Bon Accord Gems will be doing their best to win provincial honours so make a date to be there to support them. The girls have had two practice games playing the Bon Accord men's fastball team. They took the first game 13 - 12 and lost out in the second by a 7 - 17 score.

Market Days, held regularly on Wednesdays in the Bon Accord Community Centre will be going from 4 to 7 p.m. Anyone interested in purchasing honey in quantities may leave their containers to have them filled. Place your orders with Pat Reichle, 921-3535.

An exchange of skates and hockey equipment will be coming up sometime in September. Watch for it.

Birthday greetings are extended to Mrs. Ella Wyman on the occasion of her 91st birthday on August 5.

News items should be phoned in to 921-3541.

Get well wishes are extended to Mrs. Lil Schick in the University Hospital and to Mrs. Ella McCullough in Sturgeon General.

The Bon Accord office staff have moved into their new quarters on the corner of 50th Avenue and Railroad Street. An official opening will be held at a later date.

THANK YOU

The people of Legal still have a lot of community spirit left. We are happy to say that this was well displayed during our July 26, 27 "Fete au Village 1975."

The co-operation that the Recreation Board received during the preparation and throughout the entire festivities was overwhelming.

It is therefore my pleasure, on behalf of the Recreation Board, to extend to each and everyone who in one way or another helped us make "Fete au Village 1975" another successful community project a sincere thank you.

C'est certainement encourageant d'avoir eu le support et la cooperation des citoyens de Legal avant et durant notre "Fete au Village 1975" ce 26 and 27 juillet dernier. L'esprit communautaire qui s'est montre etait excellent. C'est alors un plaisir pour moi de remercier, au nom du Bureau Recreatif de Legal, tous ceux et celles qui d'une façon ou d'une autre, ont donne la main pour faire de notre "Fete au Village" un vrai succes.

Marcel Dube, President
Bureau du Centre
Recreatif de Legal.

Mrs. June Serediak proudly displays a replica of the Silver Trophy won by her and awarded by the Edmonton Exhibition for the most outstanding handmade rug, chosen from the eight classes of rugs exhibited at Edmonton Klondike Days. The trophy is inscribed with the winner's name and remains in the possession of the Exhibition Association. The one pictured is hers to keep. June designed her own rug, dyed some of the materials used in making it and spent some 1200 hours on the 40 by 60 inch finished product. She took a rug-making course under the sponsorship of Sturgeon Regional Recreation and last year conducted classes at both Bon Accord and Coronado.

Cardiff Column

By Florence Vranas
Two families from Cardiff have recently returned from a family reunion.

The first was that of the Rockwell family with Bill and Carrie from Cardiff attending. They were among about 300 members of the family who are living in various parts of Canada and United States.

A dance took place at the Gairford Hall on Saturday, July 12 with a barbecue the following day at the home of "Butch" and Dianne Rockwell. The entire affair was planned and organized by the children of Frank and Marge Rockwell. Butch, being the youngest son. Even though there was some rain on Sunday, games and races for the children took place between showers as did the barbecue. Each member of the family attending the reunion received a yellow and red felt handmade skull cap on which was written "Rockwell Reunion 1975."

This is the second Rockwell Reunion, the first being held at Fort Saskatchewan about four years ago.

On July 19 and 20 the family of George Robinson re-grouped after having done so about 20 years ago at Sylvan Lake and again two years ago at Daysland. All 11 children and some of their families attended two years ago but of the 10 surviving members only eight were able to be present this year. The reunion took place at Eldron, Wisconsin, U.S.A. and was organized primarily by relatives living in that vicinity. Twenty members of the family from Alberta flew to the reunion while two families motored down. These were Mr. and Mrs. Don De la fosse and family of Edmonton and Harold, Helen and Darryl Robinson of Cardiff with grand-daughter Serina Iske accompanying them. Everyone met on Friday, July 18 at a large cabin belonging to a member of the family about six miles from Eldron. It may be interesting to note that in Wisconsin a cabin is called a "pole-shack" and this one is used when the owners want to go fishing or hunting. Trailers, campers, several homes and the

"pole-shack" provided the accommodation for the entire group. The attending families

enjoyed visiting, games, dancing, food and refreshments all of Saturday and

Sunday at the Eldron Hall. On Monday, Harold and Helen visited an aunt he had

never seen who was unable to attend and also drove to the home of a sister at North

Port, leaving Tuesday to continue their holidays, tired, but very happy.

THRASHING GANG TO AUG. 30 DAYS
